CLIENT TESTIMONIALS

Good things happen
when people get United.

Kurt's talent and experience were critical to our success in acquiring the site we wanted in a very short time frame. Multiple sellers, each with differing needs and motivations, can result in a extremely complicated negotiations in transactions such as this. Kurt was able to listen and relate to each of the sellers and advise us on how to meet their individual needs so that we were able to meet our own objectives. I look forward to working with Kurt again in the future, as I am confident that he will bring the same level of professionalism that I have experienced to all transactions that he undertakes."

-Art C. Johnson,
Chairman & CEO, United Bank

I appreciated the consistency and the diligence from Kurt in searching for our new facility. He never pushed properties on us that did not fit our requirements. He gave us space as we worked through the ups and downs of looking for a building and direction we were looking at taking. In the end, he found us the exact building we were looking for, and it was by his persistence and market intel that this was accomplished.

Wow I can't believe this day came. I am going to miss our talks and strategy sessions too, but I guess we will just earmark those for the next deal! Every call when I saw your name on my phone I had a good feeling that I was in good hands and we would have a productive conversation. Thank you for being a top notch advisor, confidant, therapist, strategist, negotiator, and friend.

President/CEO, Lakeshore Ag

"Thank you for your assistance in helping us secure tenant/owner partners on our recent industrial venture. Your professionalism and prompt response was instrumental in taking this project to its commencement. It is a breath of fresh air to still have business partners that deliver exactly what's expected in the short time frames we sometimes face."

-Ryan Dykhouse,
Dykhouse Construction, Inc.

"Buying commercial real estate can be complicated and stressful. Kurt makes it seem simple and makes sure you understand the process. He cares more about the customer than he does about making the deal. We have bought and sold several properties from Kurt though out the years and every one of them went way better than expected. Anyone who asks me if I know a good commercial realtor, I say yes and give them Kurt's number."
